MEDIUM/LANGUAGE OF INSTRUCTION:

Stellenbosch University adopted an inclusive language policy in 2016 (revised in 2021) to better serve its diverse student population. Afrikaans and English are SU's primary languages of learning and teaching.

Undergraduate modules can be presented in parallel medium (separate Afrikaans and English lectures for especially large class groups), double medium (all lecture information conveyed at least in English and summaries or emphasis on content given in Afrikaans) or single medium (either Afrikaans or English).

Undergraduate assessments can be written or submitted in either Afrikaans or English. The majority of undergraduate modules are presented as double medium. In the spirit of translanguaging, space is provided for the flexible use of languages of learning and teaching in tutorials and practicals, consultations, study groups, learning support environments and on online learning platforms to support and enhance learning.
Postgraduate programmes predominantly use English as the medium of instruction.
